

An aerial photograph of a large container ship sailing on the ocean. The ship is heavily loaded with teal-colored shipping containers. A large, semi-transparent teal circle is overlaid on the right side of the ship, containing the company logo. The background on the right side of the image features a white background with a grey network of interconnected dots and lines, suggesting a global or digital theme.

DRY BULK CARGO CHARTERING

CISS GROUP is a modern, international shipping company with huge experience, recognized service quality, constantly progressing with the future in mind!

CISS GROUP Chartering was set up as a dry desk, using niche skills and information to provide an invaluable service to our Clients.

Nowadays it has grown both in size as well as coverage, widening its range in both trading regions and cargoes. Having established good relations with numerous traders and charterers give us the ability to provide up to the minute information and secure the best options available in the market without compromising our integrity and quality of service.

Cargoes covered include: grains and cereals, raw materials, fertilizers, steels, iron ore, coal, sugar and flour mill.

TANKER CHARTERING

Witnessing the successful establishment of our dry bulk chartering team, the decision was made to expand into the tanker market, forming a dedicated team of highly specialized brokers which could provide chartering services for wide array of wet cargoes.

The development of our Client base has been quick in terms of owners as well as charterers, while our expertise and depth understanding of the market allows for the quick and reliable matching of vessels to specialized requirements.

Cargoes covered include: vegetable oils (palm and sunflower), product liquids as wine and wine spirits; crude oils and refined products, diesel oil, gasoil, LPG.
