CERTIFICATE No.: UA00471/60

1/1

ORIGINAL 1 OF 1

NON-RADIATION CERTIFICATE

This is to certify that, at the request of Messrs. **XXX**, we performed inspection of the under mentioned commodity:

SHIPPER:	XX
CONSIGNEE:	XX
COMMODITY:	STEEL SCRAP IN BULK
QUANTITY:	44.342 MT
VESSEL NAME:	XXX
PORT OF LOADING:	ILYICHEVSK, UKRAINE
COUNTRY OF DESTINATION:	UAE
LIST OF CONTAINERS:	MSKU0009533 TCKU9823525

RESULTS OF INSPECTION

We hereby certify that before loading of the above mentioned cargo, we checking for radiation using portable DRG – 01 T. (Instrument were tested on 29.01.12)

The natural background radiation was found to be - 0.09 micro Sieverts/ hour.

According to results of measurements, maximum value of power of radiation expose dose on surface of cargo is - 0.08 micro Sieverts / hour, that doesn't exceed maximum allowed level of usage specified by the Order of Ministry of Environmental Protection and Nuclear Safety of Ukraine № 204 dd 08.09.1999. and by the Order of Ministry of Ecology and Natural Resources of Ukraine № 27 dd 15.05.2000.

Our findings are within the normal background levels within Europe (0.5 µ Sv/hr) and therefore this cargo is considered apparently free of dangerous radiation.

These findings are valid at time and place stated, subject to limits of random inspection.
